**Basic requirements:**  
 ESD bag must be placed with open side in the top. Each packaging must respect the Standard Number of Parts and keep it. The maximum Bosch handling weight of a single box should not exceed 7 kg (include plastic box). All boxes sent by Sea or Air must be packed in proper pallet (Sea/ Air freight pallet 1175x750x...[mm]). Technical drawing & sample label for the proposed packaging should be sent in attachment. In case of Returnable packaging agreement, the Supplier must have an alternative packaging respecting dimensions defined in table A-Boxes.

I know and I accept the content of the Bosch requirements and I commit to accomplish all the specifications.
