

You are invited to join Airbus Helicopters North America's digitalization project with SupplyOn

Airbus Helicopters NA_AirSupply implementation <AHNA.AirSupply@mailing.supplyon.com>
To

Dear \$First_Name \$Last_Name,

Airbus Helicopters North America (AHNA) is pleased to announce the upcoming implementation of the digital supply chain management tool **AirSupply** with our suppliers.

On Tuesday, July 2nd, we will roll out the SupplyOn AirSupply Service (ordering module only) to start optimizing our processes.

The AirSupply Service will enable you to acknowledge and collaborate on Purchase Orders with Airbus Helicopters Inc. (AHI) and Airbus Helicopters Canada Ltd. (AHCA) in a more transparent and faster way. You will be able to manage your Purchase Orders in a central platform accessible to all your required users.

What do you have to do?

To work with AHI & AHCA in AirSupply you need to register with SupplyOn.

The use of AirSupply does not require any Software implementation on your side. AirSupply is easily accessible via your internet browser.

In the next few days, you will receive an email from SupplyOn with your individual registration link. Please make sure you complete your registration within 7 days of receiving the email.

We support you all the way!

- We have set up an [Information Portal for our Suppliers](#) with all the details about the project and how to register in SupplyOn.
- On July 1st and July 3rd, there will be two **Supplier Information Sessions** organized for you to introduce the AirSupply project. [Please register here.](#)
- From July 22nd until August 29th, you will have the opportunity to participate in any of our **free online AirSupply User Trainings**. [Please register here.](#)

If you have any questions, please refer to your main contact at Airbus Helicopters North America or get in touch with our project team:

✉ alejandro.fernandez-huerga@airbus.com

✉ anthony.franzmann@airbus.com

We look forward to the positive impact this new IT solution will have on our collaboration.

Thank you for your continued partnership!

Best regards,

Airbus Helicopters North America
